# Wednesday:

Re-read Chapter 12

You are going to write **an obituary** for Albert “Bertie” Andrews. An Obituary is a small piece of writing published after someone has died. You explain where and when they were born, describe their childhood. You can talk about any interesting jobs or things they did in their life and why they will be remembered. You may end with a line such as “he will be remembered” or “rest in in piece”.

Below are some pictures to remind you about the key events in Bertie’s life.
