

Spellings for the week beginning Monday 23-11-20

said they have do like

king wing sing long ring

Please practise these spellings with your child. Then can use the look, cover, write, check method. Your child should try to practise these every day. The children usually use a PowerPoint every day in school to help them practise. This is included with today's work, so if you have the facility to use this please do.

Talk to your child about these words and check they understand what they mean and how to use them correctly in a sentence.

They could say and write sentences with these words in, so that they get used to using them in the correct context.
