

If possible, print the sheet prior to the lesson but do not fill it in please.

The whole is _____

_____ is a part.

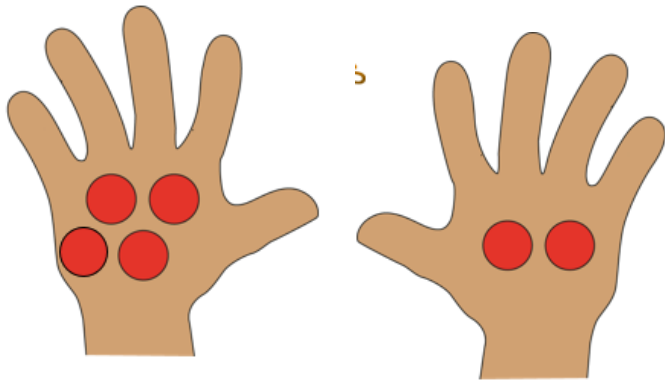

_____ is a part.

The _____ represents the adult cats.

The _____ represents the kittens.

$$\underline{\hspace{2cm}} + \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

addend + addend = sum

The whole is _____

_____ is a part.

_____ is a part.

The _____ represents the adult cats.

The _____ represents the kittens.

$$\underline{\hspace{2cm}} + \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

addend + addend = sum

We can change the order of the addends but the sum will remain the same.

Can you complete the cherry models and equations below to match the picture?

$$\underline{\quad\quad} + \underline{\quad\quad} = \underline{\quad\quad}$$

addend + addend = sum

$$\underline{\quad\quad} + \underline{\quad\quad} = \underline{\quad\quad}$$

addend + addend = sum

$$\underline{\quad\quad} = \underline{\quad\quad} + \underline{\quad\quad}$$

sum = addend + addend

$$\underline{\quad\quad} = \underline{\quad\quad} + \underline{\quad\quad}$$

sum = addend + addend

We will talk about these ones in Thursday's maths lesson.

I hope you enjoyed your lesson today.
